

Book Planter

Use the instructions below to turn an old book into a planter pot.

YOU WILL NEED

- A thick hard cover book or multiple books glued/bound together
- Thick Plastic (book covering plastic is perfect)
- Potting Mix
- Plants - Succulents work best
- Glue
- Sharp Knife

INSTRUCTIONS

You can choose to start partway through the book or use the cover as part of your planter.

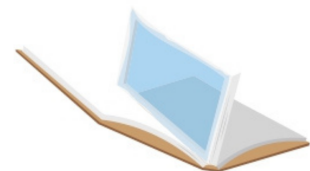

1

Glue all the pages to be used for the planter together.

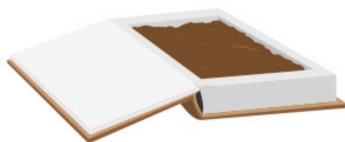

2

Cut an area out of the book/s leaving at least 1/8 of the pages uncut to ensure you do not cut through the base.

3

Line the hole with plastic and glue to the pages of the book.

4

Fill the hole with potting mix.

5

Plant succulents and add ornaments or stones as desired to decorate.

6

Water regularly with small amounts of water.

Follow a sequence of steps for making designed solutions
