

# THE BLUE SPECTRUM

There are hundreds of different shades of blue. Use the instructions below to mix up a range of blues.

## 1 Light Blue

- Start with white paint and keep adding small amounts of blue paint to create a light blue spectrum.

White → Blue → Light Blue

## 2 Dark Blue

- Start with light blue paint and keep adding small amounts of black paint to create a dark blue spectrum.

Light Blue → Black → Dark Blue

## 3 Purple

- Start with medium blue paint and keep adding small amounts of red paint to create a purple spectrum.

Medium Blue → Red → Purple

## 4 Green

- Start with medium blue paint and keep adding small amounts of yellow paint to create a green spectrum.

Medium Blue → Yellow → Green

Demonstrates an increasing understanding of colours.
